

# On-Bill Financing: Payment History Screening Customer Information

## Applications Requesting Credit Screening

PG&E offers 0% interest loans for replacing old and worn-out equipment with more energy-efficiency models. We'll set you up with a loan repayment amount that is in-line with the monthly energy savings from your upgrade. Your energy bills shouldn't increase due to your equipment investment. Once your loan is paid off, you will see savings on your bill.

Loan range from \$5,000–\$250,000 (with a \$4,000,000 eligibility), and up to ten years for repayment for all non-residential customers.
